PROJECTS

Vendor-Booker
https://github.com/alexisyepes/project3 | **https://idiaz-vendorbooker.herokuapp.com/**
Platform for small business
This React App allows small business owners to add, modify, and delete services. Clients can also login and book appointments. Any kind of business may fit in this framework, and a real business was used during this project.
This project had 4 collaborators and my main role was to handle the Authentication process using ReduxJs and Firebase Auth Services.

Flip.Image
